

**You're never too old
to learn new tricks.**

Or save your best friend's life.

Animals living with a tobacco user are more likely to die of cancer, nicotine poisoning, and tobacco-related illnesses. We can help you quit smokeless tobacco to protect your pet's health—and your own. A Quit Coach® will support you over the phone and online. You may receive free nicotine patches or gum. Enroll today.

It's FREE. It's confidential. It works.
